Please respond to the following questions:

- Please give the course a grade (A, B, C, D, or F): B *(If I could rate individual instructors, I would give Bohan an "A", Smith a "B", or Hitchcock a "C".)*
- Overall, the presentation of the course was appropriate for my level of experience.

Strongly Agree Agree Disagree Strongly Disagree

Comments/Suggestions: In the presentation of "OSC roles & responsibilities", Hitchcock could use examples rather than just reading out the slides. He was also rather muddled when it comes to NCP & ICMS - these two are not related!

No Case Studies or Examples Were Used

Comments/Suggestions: more case studies & examples will be better - after all, you need precedence to understand + interpret the law !!

Bohan's presentations were concise & were done at a good pace. Hitchcock's lectures lacked continuity - they tended to jump from topic to topic. Smith was very knowledgeable, but his presentations were more appropriate if every body has a chance to review the NCP at least once before this class. Also, his

Additional Comments: *EACH INSTRUCTOR SHOULD INSIST THAT PARTICIPANTS Follow through AND READ NCP during their respective presentations!!*

Give each participant a highlighter and make them use it! Suzanne did a great job of this. I noticed that it ^{of the dispo.org.com} may have moved to just for some new guy/girls. So we should make sure everyone finds it in NCP and highlight it!!
